

AwanaGames™ features Awana clubs and youth programs from local churches in competition at the local level. This exciting event is open to students in [Sparks and T&T](#). More than 600 AwanaGames events typically take place in the U.S. each year, with numerous others held worldwide.

AwanaGames offers many benefits to churches, kids and families alike:

- Builds a stronger identity and closer bonds among members of a church's Awana ministry
- Motivates kids to attend Awana and complete handbook sections – requirements to qualify for their team – so that they learn God's Word in the process
- Connects area churches and leaders with each other for ongoing support
- Allows leaders to interact with clubbers' parents in a fun atmosphere
- Communicates the good news of Christ to non-churched spectators

Amidst all the energy and excitement of the team games, a break in the action always includes a presentation of the gospel message. Many family members and friends hear God's plan of salvation, some for the first time.
